

**E-SOCIAL SECURITY – NEW HORIZONS FOR THE ACTIVITIES OF THE
NATIONAL SOCIAL SECURITY INSTITUTE**

Ralitza Pandurska¹

Summary

Provoked by the situation caused by the Covid 19 pandemic and the people`s incapacity to leave their homes and to do their usual activities, the institutions started to make only some of their services online. This article presents the progress of the National social security in terms of digitization, referring to the available documents adopted in this area.

KEY WORDS: digitalization; e-social security; National social security institute; social security Administrations

JEL CODES: H55, H83
